

# **GRAM POSITIVE / GRAM NEGATIVE ISOLATES**

## **Ancillaries Required:**

<b><i>Part#</i></b>	<b><i>Description:</i></b>
T3339	Demineralized Water, 5ml, 100/bx
T3339-10	Demineralized Water, 5ml, 10/bx
T3462	Mueller-Hinton Broth, 11mL, 100/bx
T3462-10	Mueller-Hinton Broth, 11mL, 10/bx
GPN-IT/QC	GPN QC/Interpretive Sheet, each
NF-IT/QC	NF QC/Interpretive Sheet, each

## **Plates Most Commonly Used:**

<b><i>Part#</i></b>	<b><i>Description:</i></b>
CMV1ABPF	Bovine/Porcin MIC Vet Panel, 10/bx
CMV1AMAF	Mastitis MIC Vet Panel, 10/bx
CMV1BAVF	Avian MIC Vet Panel, 10/bx
CMV1BURF	Urinary MIC Vet Panel, 10/bx
CMV2ECOF	Companion/Equine MIC Vet Panel, 10/bx
CMV1AGNF	Gram Negative NARMS Panels, 10/box
CMV1AGPF	Gram Positive NARMS Panels, 10/box
GN1F	Gram Negative MIC SIW Panel, 10/bx
GPN2F	Gram Positive MIC SIW Panel, 10/bx
GPN	Gram Positive MIC Panel, 10/bx
NF	Gram Neg Non-Ferm MIC Panel, 10/bx
MG	Gram Positive MIC Panel, 10/bx
MH	Gram Negative MIC Panel, 10/bx
MI	Gram Negative MIC Panel, 10/bx
MJ	Gram Negative MIC Panel, 10/bx

## **STREP PNEUMO ISOLATES:**

### **Ancillaries Required:**

<b><i>Part#</i></b>	<b><i>Description:</i></b>
T3462-05	Mueller-Hinton Broth, 5mL, 100/bx
T3462-05-10	Mueller-Hinton Broth, 5mL, 10/bx
CP112-10	Mueller-Hinton Broth w/ LHB, 10/bx
STP1-IT/QC	STP1 QC Interpretive Sheet, each

### **Plates Most Commonly Used:**

<b><i>Part#</i></b>	<b><i>Description:</i></b>
STP1	MIC Panel for Strep pneumo, 10/bx
STP3F	MIC Panel for Strep pneumo, SIW, 10/bx
HPB	Haemophilus/pneumococcus Panel, 10/bx

## **HAEMO ISOLATES:**

### **Ancillaries Required:**

#### ***Part#***

#### ***Description:***

T3462-05

Mueller-Hinton Broth, 5mL, 100/bx

T3462-05-10

Mueller-Hinton Broth, 5mL, 10/bx

T3470

HTM Broth, 11ml, 10/bx

### **Plates Most Commonly Used:**

#### ***Part#***

#### ***Description:***

HPB

Haemophilus/pneumococcus Panel, 10/bx

# **ANAEROBE ISOLATES**

## **Ancillaries Required:**

<b><i>Part#</i></b>	<b><i>Description:</i></b>
T3462-05	Mueller-Hinton Broth, 5mL, 100/bx
T3462-05-10	Mueller-Hinton Broth, 5mL, 10/bx
T3450	Supplemented Brucella Broth, 10ml, 10/bx
E2003	Perforated Seals, Anaerobes, 10/pack
E10159	Mineral Oil, 250ml

## **Plates Most Commonly Used:**

<b><i>Part#</i></b>	<b><i>Description:</i></b>
ANO2	Anaerobic MIC Panel, 10/bx
ANO2B	Anaerobic B MIC Panel, 10/bx

## **ID Panels:**

### **Ancillaries Required:**

#### **Part#**

#### **Description:**

T3339

Demineralized Water, 5ml, 100/bx

T3339-10

Demineralized Water, 5ml, 10/bx

E10159

Mineral Oil, 250ml

### **Plates Most Commonly Used:**

#### **Part#**

#### **Description:**

GPID

Gram Positive ID Panel, 10/bx

GNID

Gram Negative ID Panel, 10/bx

## **YEAST PLATES:**

### **Ancillaries Required:**

<b><i>Part#</i></b>	<b><i>Description:</i></b>
T3339	Demineralized Water, 5ml, 100/bx
T3339-10	Demineralized Water, 5ml, 10/bx
Y3462	YeastOne Broth, 11ml, 10/bx
YO2 - IT	YeastOne Interpretive Sheet, YO2, each
YO2 - QC	YeastOne QC Sheet, YO2, each
YO4 - IT	YeastOne Interpretive Sheet, YO4, each
YO4 - QC	YeastOne QC Sheet, YO4, each

### **Plates Most Commonly Used:**

<b><i>Part#</i></b>	<b><i>Description:</i></b>
YO-2	YeastOne Plate, 10/bx
YO-4	YeastOne Plate, 10/bx

## **ADDITIONAL ANCILLARIES:**

### **Part#                      Description:**

#### *For standardization of McFarlands:*

E1040                      0.5 McFarland Standard, each  
E1041                      0.5 Polymer McFarland Standard, each      (required for use with AutoInoculator)

#### *Loops for making McFarlands:*

E510225                      Combonation Loop, 500/bx  
E510225-20                      Combonation Loop, 20/bx

#### *For manual inoculation with Pipette:*

E1031                      Pipette Tips, 960/ bx  
E1031-96                      Pipette Tips, 96/ bx  
E1032                      Pipette Troughs, 200/bx  
E1032-10                      Pipette Troughs, 10/bx  
E4100                      Starter Pack for 8-channel Pipette  
E4101                      Pipette tips for 8-channel Pipette, 960/bx

#### *For manual inoculation of Frozen trays:*

P0050                      Hand Inoculator, 1/ea  
T3339-29-10                      Demineralized Water, 29ml, 10/bx

#### *For automated inoculation:*

E3010                      Doseheads, 100/bx

#### *Plate seals:*

G520N                      Plate Seals for MIC Plates, 10/pk  
E2002                      Perforated Seals for GNID, 10/pk  
E2003                      Fastidious Perforated Seals, 10/pk

#### *For AutoReadable panels not SIW:*

E1012                      18 hr/Strep Substrate Strips, 50/vial  
E1014                      Gram Positive Substrate Strips, 50/vial

#### *Validation sets/Susceptibility Tests/Organism Set:*

T5100                      Haemo, 10 tubes/bx  
T5101                      Streptococcus, 10 tubes/bx  
T5102                      YeastOne, 10 tubes/bx

#### *Other yeast broth:*

Y3450                      RPMI Broth, 10/bx                      (For use with Yeast trays not containing Alamar Blue)
