Section 2 Composition and Information on Ingredients

Demineralised water in 5ml volumes in borosilicate screw top tubes.

This product does not present a health hazard within the meaning of the dangerous substances directive 67/548/EEC.

Section 3 Hazards Identification

This product is not classified as hazardous and no known health hazard is known to be associated with exposure to this product.

This product is however used in conjunction with bacterial cultures and any hazards associated with the cultures in use, should be recognised and appropriate additional precautions or action taken.

Section 4 First Aid Measures

Eyes: Wash with copious amounts of water and see a physician if symptoms persist.

Skin: Wash with soap/water; consult a doctor if irritation develops.

Ingestion: Not applicable under normal conditions of use but seek medical attention if abdominal distress occurs.

Inhalation: Not applicable under normal conditions of use but seek medical attention if respiratory distress occurs.

SAFETY DATA SHEET

Section 5 Fire Fighting Measures

No special precautions are required in the event of fire. Use a fire extinguisher appropriate to local fire conditions.

Section 6 Accidental Release Measures

In general the affected area should be treated as any other non- hazardous liquid spill.

Section 7 Handling and Storage

Store at room temperature (15-25°C) in the original packaging (avoid freezing).

Section 8 Exposure Controls, Personal Protection

In general no personal protection is required, but for this products intended use with bacterial cultures the usual precautions of a laboratory coat, safety glasses and appropriate gloves would be recommended.

SAFETY DATA SHEET

Section 9 Physical and Chemical Properties

Clear liquid.

Section 10 Stability and Reactivity

Stable.

Section 11 Toxicological Information

Non toxic.

Section 12 Ecological Information

No hazard to the environment.

SAFETY DATA SHEET

Section 13 Disposal Considerations

Uncontaminated water can be disposed of as non hazardous waste according to local/federal waste disposal regulations.

Section 14 Transport Information

This is a non hazardous material no special EU or US shipping regulations/restrictions affect the shipping of this product.

Section 15 Regulatory Information

Risk phrases: none

Safety phrases: none

EC classification: none

Section 16 Other Information

- 1) The above information is believed to be correct but does not purport to be all inclusive and should only be used as a guide. TREK shall not be held responsible for any damage resulting from handling or contact with this material.
- 2) This MSDS complies with REACH (2007) and CHIP (1993).

Version: CID7565/V1.3
