

## Sensititre posters

P1888

Sadler, H.S., K.A. Fedler, B. Cookson, C.J. Brace, T.R. Fritsche and R.N. Jones. Accuracy of three automated systems for susceptibility testing selected gram-negative bacilli against broad-spectrum beta-lactam agents. 15<sup>th</sup> ECCMID, Copenhagen. Poster P-1888, 2005

P1738

Aller, A.I., *etal.* In vitro activities of voriconazole, fluconazole, itraconazole and ketoconazole against non-albicans candida strains. 15<sup>th</sup> ECCMID, Copenhagen. Poster P-1738, 2005

P1787

Reinhart, R.R., D. Felmingham and D. Farrell. Sustained *in vitro* activity of telithromycin in Germany: The PROTEKT Study (years 1-4). 15<sup>th</sup> ECCMID, Copenhagen. Poster P-1787, 2005

P1028

Farrell, D.J. and the PROTEKT Study Group. Change in distribution of macrolide-resistant *Streptococcus pneumoniae* genotypes over 4 years: Data from PROTEKT 1999-2003. 15<sup>th</sup> ECCMID, Copenhagen. Poster P-1028, 2005

P1029

Farrell, D.J., S.G. Jenkins and R.R. Reinhert. Changes in global distribution of *Streptococcus pneumoniae* from pediatric isolates collected in PROTEKT year 1 (Y1; 2002-2003). 15<sup>th</sup> ECCMID, Copenhagen. Poster P-1029, 2005

P1789

Baba, H., M. Inoue and D. Farrell. Increasing prevalence of beta-lactam-resistant *Haemophilus influenzae* in Japan: *in vitro* activity of telithromycin and beta-lactam antimicrobials over 4 years. 15<sup>th</sup> ECCMID, Copenhagen. Poster P-1789, 2005

P1037

Al-Lahham, A., M. van der Linden, C. Heeg and R.R. Reinert. Characterization of quinolone-resistant *Streptococcus pneumoniae* in Germany. 15<sup>th</sup> ECCMID, Copenhagen. Poster P-1037, 2005

P1864

Ross, J.E., T.R. Fritsche, H.S. Sadler and R.N. Jones. European trends in linezolid susceptibility patterns in 2003: Report of the worldwide ZAPPS program. 15<sup>th</sup> ECCMID, Copenhagen. Poster P-1864, 2005

P1792

Morrissey, I., *etal.* Targeted surveillance, a part of the Libra initiative: the effect of patient demography on the antibiotic susceptibility of *S. pneumoniae* from community-acquired respiratory-tract infections. 15<sup>th</sup> ECCMID, Copenhagen. Poster P-1792, 2005

P1791

Morrissey,I., *etal.* Targeted surveillance, a part of the Libra initiative: comparative activity of ciprofloxacin against urinary tract pathogens isolated during 2003. 15<sup>th</sup> ECCMID, Copenhagen. Poster P-1791, 2005

P1790

Morrissey,I., *etal.* Targeted surveillance, a part of the Libra initiative: comparative activity of moxifloxacin against respiratory pathogens isolated during 2003. 15<sup>th</sup> ECCMID, Copenhagen. Poster P-1790, 2005

P1881

Morrissey,I., *etal.* Targeted surveillance, a part of the Libra initiative: Susceptibility of *Enterobacter* spp. and *Klebsiella* spp. isolated during 2003. 15<sup>th</sup> ECCMID, Copenhagen. Poster P-1881, 2005

P1086

Sadler,H.S., D.Biedenbach,T.R.Fritsche and R.N.Jones. Antimicrobial activity and spectrum of cefepime tested against 65,746 clinical strains from North American Medical Centers: Report from the Sentry antimicrobial surveillance program, 1998-2003. 15<sup>th</sup> ECCMID, Copenhagen. Poster P-1086, 2005

P1088

Pottumarthy,S., T.R.Fritsche, H.S.Sadler and R.N.Jones. Comparative activity of oral and parental cephalosprins against multi-resistant *Streptococcus pneumoniae*: Report from the Sentry antimicrobial surveillance program, 1997-2003. 15<sup>th</sup> ECCMID, Copenhagen. Poster P-1088, 2005

P1204

Ross,J.E., D.J.Biedenbach, T.R.Fritsche, H.S.Sadler and R.N.Jones. Global evaluation of gemifloxacin activity tested against community-acquired respiratory tract pathogens, *Haemophilus influenzae* and *Moraxella catarrhalis* (1999-2004). 15<sup>th</sup> ECCMID, Copenhagen. Poster P-1204, 2005

P1444

Streit,J.M., J.N.Steenbergen,G.M.Thorne, J.Adler and R.N.Jones. Daptomycin tested against 915 bloodstream isolates of viridans group streptococci (eight species) and *Streptococcus bovis*. 15<sup>th</sup> ECCMID, Copenhagen. Poster P-1444, 2005

## **VersaTREK**

P1703

Reller, L.B.,K.E.Hanson and S.Mirrett. Controlled clinical comparison of VersaTREK versus BacT/ALERT blood culture systems. 15<sup>th</sup> ECCMID, Copenhagen. Poster P-1703, 2005

O252

LaBombardi., R.Katariwala and G.Pipia. Identification of AFB directly from VersaTREK Myco Bottles by HPLC. 15<sup>th</sup> ECCMID, Copenhagen.
